

SEARCH POLICY

To maintain a safe and orderly educational environment, School officials may search the person or property, including vehicles, of students, visitors, and others on School property and at or during a School sponsored event, whenever they reasonably suspect a violation of law or of School policies.

School officials may seize any illegal, unauthorized, or contraband materials discovered in the search.

There is no right or expectation of privacy in School lockers or other storage areas or property owned by the School or its affiliates, contractors, or designees.

Random or periodic general inspections of School property may be conducted by School officials or their designees for any reason or no reason at any time without notice, and without consent.

The Board of Directors of the School hereby authorizes the use of metal detectors and canines for searches.
